

Lead the Way Camp

About

Join us at Camp Tuhsmeheeta (Camp T) for this weekend event where we will explore what it means to be a leader. Campers will learn about important characteristics of leadership as they take on fun challenges, play games, solve problems, and collaborate with their camp friends. They will also hear from adults who are blind/low vision (BLV) about the skills and adaptations they use in leadership situations. Don't miss this opportunity to develop valuable skills while making lasting memories with friends.

Audience

This event is for students in Michigan, ages 12-17, who are BLV.
