

Refresh, Renew, Revisit: Michigan Assistive Technology Conference

Event Description

In this one-day event, school personnel, parents, and students will have an opportunity to gain tips, techniques, and answers to questions regarding assistive technology for students who are Blind/Visually Impaired (BVI). A keynote presentation will be given by Cary Supalo of Independence Science, and breakout sessions will be offered throughout the day. Vendors will be available for participants to explore devices.

Participants will:

- Develop awareness of current technology devices
- Develop awareness of assistive technology apps
- Get answers to questions about assistive technology

Registration:
