

Building Bridges: Working Together to Empower Students Who Are Deaf or Hard of Hearing (DHH)

Event Description

MDE-LIO is pleased to host a virtual spring conference for parents and school personnel working with students who are Deaf or Hard of Hearing (DHH). This one-day conference will kick off with a thought-provoking keynote address by national speakers Leala Holcomb, who is Deaf, and Damon Timm, who is hearing, on navigating the gray areas of interactions between individuals who are DHH and individuals who are hearing, including finding commonalities that unite us. The keynote presenters will also offer a special breakout session for parents. Plenary panel discussions and presentations will be offered in the afternoon. Attendees will have opportunities to network with others and learn about agencies and organizations supporting children and students in Michigan who are DHH.

Don't miss this opportunity to learn and network with your colleagues from all over Michigan!

Participants will:

- Identify evidence-based strategies for use with students who are DHH
- Explore collaborative methods and resources for supporting families with children/students who are DHH

Details

Date and Time:

April 16, 2021
8:15 a.m. - 4:30 p.m.
