JAWS Q&A

Event Description

Join MDE-LIO to learn everything you wanted to know about Word and browsing the internet but were too afraid to ask! This will be an informative and interactive workshop on using the JAWS screen reader with Firefox, Internet Explorer, Microsoft Edge, and Microsoft Word. Our Technology Team members will share practical methods they use in their own training and what they have found handy for their personal use.

Participants will learn:

- How to find resources for both JAWS instruction and Word training.
- Principles that the MDE-LIO Technology Team have found useful when training beginners and advanced users of JAWS with Word.
- Practical methods for exploring websites with Chrome, Firefox, or Microsoft Edge, and the differences between browsers and search engines.
- How to deal with difficult websites teachers have encountered.

Details

Date and Time:

September 18, 2020
9 a.m. - 3:30 p.m.
