EARN A TEACHING ENDORSEMENT ONLINE

The Michigan Department of Education (MDE), in partnership with several institutions of higher education, offers the opportunity for Michigan Certified teachers to earn an endorsement in Visual Impairment. Classes are primarily offered through:

- Online courses
- Webinars
- Video conferencing

Accommodations will be made for the limited courses that require face to face time taken from an out of state university.

ELIGIBILITY REQUIREMENTS

Candidates must have a valid or pending Michigan Teaching Certificate.

General education teachers without a special education endorsement must complete a set of approved foundation courses in addition to the required courses.

Partial tuition reimbursement is available to eligible certified teachers in Michigan.
