Preface

Introduction

Intermediate school districts (ISDs) across Michigan understand the importance of meeting the unique needs of students who are Deaf or Hard of Hearing (DHH). ISDs also understand the flexibility provided by federal and state rules and regulations in meeting students’ needs.

Each ISD responds to students’ needs as they arise. This directory is updated annually and provides an overview of the programs and services each ISD offers for students who are DHH. Contact information for each ISD is provided to facilitate access to updates and answers to specific questions.

Instructions for Use

This directory lists Michigan ISDs in alphabetical order. Symbols are provided for each ISD that indicate specific programs and services offered for students who are DHH. Refer to the key for an explanation of each symbol.
