

## Expanded Core Curriculum for Students Who Are Deaf or Hard of Hearing Assessment Matrix

This matrix is a compilation of the assessments listed in the document entitled “Assessments for the Expanded Core Curriculum for Students Who Are Deaf or Hard of Hearing.” This, by no means, is an all-inclusive list. A variety of tests are listed in order to provide examples of assessments that are available. Each student’s needs must be considered to determine which assessment(s) would be appropriate. Informal assessments and teacher-made tests or rubrics, which are not listed, may also be used. Some additional tests that are typically given by psychologists or other professionals have been included for the purpose of providing relevant assessment information for ECC-DHH.

<b>ECC-DHH Assessment Matrix</b>	<b>Family Education</b>	<b>Communication</b>	<b>Audiology</b>	<b>Functional Skills for Educational Success</b>	<b>Self- Determination and Advocacy</b>	<b>Social- Emotional Skill</b>	<b>Career Education</b>	<b>Technology</b>
